The Meriden Antique Engine and Threshers Association is a non-profit organization based in Meriden, Kansas. We were founded in 1977 to promote early farming practices and an appreciation for antique engines and tractors, and the occupations and culture of rural life. We love to farm the old fashioned way! We want to pass on the techniques used in the past so we don't forget them.

Our grounds feature Cottonwood Station, a reproduction living history of an early day Kansas town.

- 2 big engine buildings
- Working Flour Mill
- Hay Barn
- Complete Blacksmith Shop with demonstrations during shows
- Sims Garage
- Wheelwright Building
- Working Sawmill
- Working Sorghum Shack (Fall show only)
